RE: Board Presentation, Lee Mining Company, North Lily Project, PRO/023/007, Juab County, Utah

In talking with Doug Lee of Lee Mining for the North Lily Project on November 28, 1984, he stated to me that the form of surety would be an irrevocable letter of credit. He also told me that the company did not plan on posting this surety until April or May in 1985.

In the meantime, he was told that he could do up to two acres of development work (excavations) under a two acre Declaration of Exemption (DOE), per Tom Tetting.

Tom Tetting will make this presentation to the Board on Thursday, December 6, 1984.

If you have any comments or questions, you should contact Tom Tetting about this project.

Tom:
Per our 11/30/84 conversation. Let's propose that the Board approve form and amount of surety for Lee Mining contingent on their posting the surety by January board meeting. *Per 12/4/84*
